

Welcome to the natural remedy's world and the aromatherapy of Catalonia

I have been fully dedicated to this job for more than 15 years, I fell, I adore and I live with all my love, it is a way of living, thinking and being that has made me very happy, consequent and conscience to next people and waiting to open doors to new ways of living and acting.

All the products are totally natural and handmade.

From the plants that we cultivate in our medicinal garden and from bush collection we make diferents process, either dry them, either maceration or distillation from the alambik to take out the Essencial Oil (E.O), and the hydrolate. Everything very good for the skin, and soul.

I create specially:
